HONORARY DOCTORAL DEGREES

Sam F. Brewster / *Doctor of Public Service*

Presented by President Ernest L. Wilkinson

Sam F. Brewster, director of the Physical Plant at Brigham Young University, was born in Temple, Texas, on November 17, 1904. He attended Texas Agricultural and Mechanical College, graduating in 1927 with a B.S. degree in landscape architecture. After three months of study in England and one summer at Harvard University, he went on to Massachusetts University to earn his Master of Landscape Architecture degree in 1932.

While working toward his master's degree, Mr. Brewster was employed as a landscape specialist by the Alabama Extension Service in Auburn, Alabama. For four years he was a regional planner in charge of recreation and conservation for the Tennessee Valley Authority. In 1937 he was appointed to the Tennessee governor's cabinet as Commissioner of Conservation, where he served until Auburn University in Alabama hired him as director of their Department of Buildings and Grounds. Except for three years of service as a lieutenant colonel in the United States Army Air Force, Mr. Brewster remained at Auburn University until October 1957, when he came to Brigham Young University.

Married to the former Mary Ellen Long since July 3, 1930, Mr. Brewster is the father of two children, Barbara and Sam F., Jr.

While living in Auburn, Alabama, Mr. Brewster served the community as chairman of the city's Park and Recreation Board, member of the Auburn City Planning Commission, president of the Kiwanis Club, member of the Auburn Association of Churches, and director of the Community Chest. At Auburn University he was a member of the administrative council.

Sam Brewster organized the Alabama Federated Garden Clubs in 1931 and the Southeastern Association of Physical Plant Administrators of Universities and Colleges, becoming the first president of the latter.

On the national level, Mr. Brewster has been a member of the American Planning and Civic Association, a member of the board of directors of the National Conference on State Parks, and president of the National Association of Physical Plant Administrators of Universities and Colleges, from which he received the Meritorious Service Award.

Since coming to Provo, Mr. Brewster has served as chairman of the Campus Planning Committee, member of the board of directors of the Kiwanis Club, and is currently vice-president of Professional Standards in the Association of Physical Plant Administrators of Universities and Colleges. He is a member of the Provo Chamber of Commerce, Blue Key, and the Administrative Council of BYU. He has also been chairman of the Diaconate Board of the United Church of Christ in Provo.

A supporter of the Boy Scouts of America, Mr. Brewster has been a scoutmaster and Explorer adviser, a member of the Utah National Parks Council, and has received the Silver Beaver Award.

Mr. President, for his life of service to his fellowmen, for his efforts to improve our environment, and for his dedication to public service, I recommend that Sam F. Brewster be awarded the degree of Doctor of Public Service, *honoris causa*.

Mark E. Petersen / Doctor of Christian Service

Presented by President Ernest L. Wilkinson

His life an example of a newspaperman's precision, Elder Mark E. Petersen, a member of the Council of the Twelve since 1944, has devoted his energies from the time he was young to serving all those he associated with.

Elder Petersen was born November 7, 1900, in Salt Lake City, Utah, a son of Christian and Christine Andersen Petersen, Danish converts to the Church. He grew up assisting his father in building and still enjoys working with wood.

At one time Elder Petersen intended to become an engineer and began an engineering course at the University of Utah. However, in January, 1920, he received a mission call to Canada, where he worked until July, 1922, in Nova Scotia. When he returned he found work at the *Deseret News* in Salt Lake City and this determined the course his career would follow. He served successively as news reporter, copy reader, news editor, managing editor, general manager, then president.

Elder Petersen has kept a balance of interest and has also been actively associated with civic organizations, having served as a director of the Salt Lake Chamber of Commerce, the Utah Manufacturers Association, and the Salt Lake Visiting Nurses' Association; vice-president of the Kiwanis Club of Salt Lake City; president of the Bonneville Knife and Fork Club, and many other civic enterprises and interests. By these and other groups he has been much in demand as a speaker for meetings and conventions here and in many places across the country.

In Church assignments his travels have ranged worldwide. In 1933 he was chosen a member of the board of directors of the Genealogical Society of Utah and traveled throughout the Church on the society's convention staff. In 1955, not long after Elder and Sister Petersen had returned from an intensive tour through the South American missions, Elder Petersen was assigned by the First Presidency to go to Europe to make preparations in those countries where the Tabernacle Choir was to tour. Currently he supervises the missions of the Church in the Eastern United States.

Before his call to the Apostleship in 1944, he had served on the Deseret Sunday School Union General Board, on the high council in the Liberty Stake in Salt Lake City, then as first counselor in the presidency of that stake.

At one time he presented a series of radio addresses for the Church and has been a frequent speaker on the CBS "Church of the Air." In addition to his numerous editorials in the Church Section of the *Deseret News*, he has published several books, pamphlets and tracts, including *For Time or Eternity* and "Why Mormons Build Temples."

He married Emma Marr McDonald in 1923, and they have two daughters and three grandchildren.

Mr. President, in recognition of his deep loyalty and devotion to family, friends, and associates, and for his service to his country and Church, and his great courage and competence and driving capacity for work, I recommend that Mark E. Petersen be awarded the degree of Doctor of Christian Service, *honoris causa*.

AWARDS FOR DISTINGUISHED SERVICE

ABRAHAM O. SMOOT PUBLIC SERVICE AWARD

HUGH C. SMITH

Hugh C. Smith has been an active supporter for Brigham Young University over the years. When the University first obtained the George L. Barrett properties and the Stetson Ranch in the San Fernando Valley, Brother Smith was asked to assist with the development and management of these properties and to supervise them as the local representative of the University. His services have always been voluntary, with no thought of compensation or recognition.

Born in Alberta, Canada, Brother Smith left home to go to California at age 17. After completing high school, he worked at various jobs until he organized an extermination and pest control business. Today he is president and a principal owner of the Columbia Pest Control Company. Active in many other business developments, he has promoted a number of real estate transactions and participated in the development of a major shopping center.

Over the years he has taken a keen interest in political and community affairs, being concerned mainly with the orderly development of the area in which he lives. A member of the Wilshire Rotary Club, he served one year as its president. He has been active in scout work and is the recipient of the Silver Beaver Award.

Brother Smith was married in 1934 to the former Margaret Wright. They are the parents of five children, three of whom have attended Brigham Young University.

Throughout his life Brother Smith has been an ardent Church worker. He has served as bishop and stake president and was called to serve on the Priesthood Home Teaching Committee of the Church.

For his unselfish dedication to Brigham Young University and for his service to his community, Hugh C. Smith is awarded the Abraham O. Smoot Public Service Award.

In that state Mr. Aaberg finished his education and began his successful career and energetic service to the community. In 1928 he graduated with a Bachelor of Business Administration degree from the University of Colorado.

After graduation, Mr. Aaberg began work with the Mountain States Telephone Company at Greeley, Colorado, as a clerk. In 1937, he was appointed district manager at Colorado Springs, and in 1945 became general commercial supervisor for the entire company. In 1949 he was promoted to general commercial manager.

Mr. Aaberg spent three years as general commercial manager and in 1952 was appointed assistant vice-president in charge of staff operations. One year later he moved to Utah to become the general manager, and in 1956 he became vice-president and general manager in charge of Utah operations.

His business success qualified him in 1954 to receive the Outstanding Alumnus Award from the University of Colorado School of Business.

But along with his successful business activities, Mr. Aaberg has been vitally concerned with community affairs. He is interested in the youth and served as director of the YMCA. Concerned with community health and general welfare, he served as president of the Salt Lake City United Fund drive, chairman of the executive committee of the Salt Lake City Downtown Planning Association, and member of the Governor's School Study Committee. Mr. Aaberg has given valuable service to BYU as a member of the business and industry division of the BYU Development Committee.

For his outstanding success as a business executive and his untiring service to his community, it is a pleasure to award Eric C. Aaberg the Jesse Knight Industrial Citizenship Award.

JAMES E. TALMAGE SCIENTIFIC ACHIEVEMENT AWARD

LEO PRESTON VERNON

Though still a young man, Leo Preston Vernon has already distinguished himself as a university professor of chemistry and director of research.

He received his bachelor's degree from Brigham Young University in 1948 and his Ph.D. from Iowa State University in 1951. During this time he married Fern Trunkey and now has two children, Ricky and Elise. He served in the United States Army and achieved the rank of sergeant.

Dr. Vernon came to BYU in 1954 shortly after receiving his doctorate from Iowa State University and soon became recognized by students and colleagues for his knowledge and abilities in the field of biological chemical research. Until 1961 he was a professor of chemistry at BYU, at which time he went to the University of Wisconsin and University of Washington. He is the former director of the Charles F. Kittering Photosynthesis Laboratories in the midwest. Leaving that position, as of September 1970 he will be the director of research at BYU.

His basic area of research is in photosynthesis of plants. He is noted for one particular discovery in that field. One of the grants he was given by the National Science Foundation sent him to Stockholm, Sweden, to work one year with a Nobel Prize winner, Dr. Hugo Theorell.

Along with his research he is a member of the American Society for Biological Chemists. He has also published over 50 articles in professional journals highly regarded throughout the world. In addition to this he has presented papers to world symposiums in Tokyo and Kyoto, Japan, and has received grants to further research in photosynthesis and other related fields.

As an eminent and dedicated scientist, writer, and accomplished researcher, it is a pleasure to present Leo Preston Vernon the James E. Talmage Scientific Achievement Award.

FRANKLIN S. HARRIS FINE ARTS AWARD

ARIEL RUAL DAVIS

A man of notable achievement and activity in a wide variety of fields is Ariel Rual Davis. A native of Provo, he was born on February 14, 1912, to Rual Dennis and Mary Louise Kitchen Davis. An active and devoted member of the Church, he is married to the former Dorothy Harding, and they are the parents of two sons, Ronald and Steven.

A member of the Brigham Young University Class of '46, Brother Davis majored in physics and graduated with a Bachelor of Science degree that year.

At the present time, Brother Davis is the president of Davis Enterprises, located in Provo. In spite of his busy professional life, he still finds time to aid many BYU students in gaining their education, and he is an enthusiastic supporter of BYU and the University's activities. His other professional activities have included being president of the Ariel Davis Manufacturing Company in Salt Lake City.

Listed in *Who's Who*, the *American Theatre*, and *Stage Lighting Glossary*, Brother Davis is also a member of Theta Alpha Phi, a national dramatic fraternity; the Illumination Engineering Society; and the National Committee on Stage Lighting.

Ariel Davis is internationally famous for his contributions to the field of theater and artistic lighting. His most well-known invention, the Davis Dimmer Switch, has revolutionized the design and manufacture of dimmers. With 58 patents to his credit, he has numerous other inventions in the field of dimmer controls and stage lighting and is now branching out into home heating and cooling and industrial control.

For his revolutionary work in artistic lighting, resulting in an invaluable contribution to the field of fine arts, and for his willingness to use his talent for the benefit of others, Ariel Rual Davis is awarded the Franklin S. Harris Fine Arts Award.

JOSEPH F. SMITH FAMILY LIVING AWARD

MR. AND MRS. DON CARLOS WOOD

Brother and Sister Don Carlos Wood, Sr., were married on September 22, 1920, in the Salt Lake Temple. Since that time, through years of friendly, warm, well-organized home life and exemplary parenthood and family training, the Woods family holds a fine record of outstanding achievement.

Active in Church and civic responsibilities and committed to service to their fellowmen, the Woods have sustained in their home love and respect for each family member, helpfulness, devotion to God, and the joys of service. A family business was wisely initiated for the Wood children to operate, teaching them responsibility, thrift, and the value of hard work. All of the children, four boys and one girl, labored in this endeavor to finance their own missions and educational expenses. Each of them has fulfilled a full-time mission for the Church.

The family resided in Salt Lake City until 1934, then moved to Berkeley, California. In both cities the Wood's home has been noted for its generous hospitality. Friends, neighbors, and strangers alike all feel the welcome, kindness, and beauty emulated in the Wood's home.

Brother and Sister Wood began training their children early in life to swim and enjoy physical exercise. Music was also stressed in the home, and the children all sing and play musical instruments. The five have gone on to excel in their chosen fields as a doctor of medicine; two dentists; a doctor of physics; and an accomplished pianist, composer, and music teacher.

This sound family environment is living still in the homes of the 23 grandchildren who are proving their worth in the Wood family tradition.

For the fine example of parenthood, excellence in family living, and notable achievements in many fields, it is a pleasure to present to Brother and Sister Don Carlos Wood, Sr., the Joseph F. Smith Family Living Award.

THE ALUMNI ASSOCIATION

Welcome, Class of 1970. As your student days pass behind you, the Alumni Association hopes to help you keep alive an active interest in the University.

The worldwide BYU Alumni Association is a nonprofit organization with over 100,000 members. Its goal is service—both to you as alumni and to BYU. Unlike many other alumni associations the BYU organization requires no dues for membership. All who have completed a semester or more of full-time study at BYU are automatically members and eligible for the benefits of the association.

The key word of the Alumni Association is SERVICE. First is the service the association can offer you as alumni. Second is the service you can give BYU through the association. (As an interdependent organization, the Alumni Association collects no funds for itself. It operates on a budget from BYU and all alumni gifts go directly to the University to support areas where the need is greatest as determined by the Board of Trustees.)

Let's talk first about how the association can benefit you:

As an official BYU alumnus you will begin receiving the *Alumnus* newspaper. (Please keep us advised of your address changes.)

Class reunions, held every five years, are sponsored and organized by the Alumni Association.

You will receive advance information about ticket sales to BYU-sponsored activities, including Homecoming and athletic events.

A current address and biographical file will be kept for you. It can be used to locate a former classmate or to supply recommendations for such things as job opportunities.

The association still feels that education is the most important part of college. It works with the Division of Continuing Education to help you participate in Home Study courses, Education Week, Travel Study tours, and Special Courses and Conferences on campus or at BYU centers throughout the country.

What are your obligations to the Alumni Association in return? As already indicated there are no dues or assessments. Perhaps it is best summed up by Bishop Robert L. Simpson, member of the Presiding Bishopric of the Church, when in a message to BYU alumni he quoted from a *Deseret News* editorial: "We drink every day from wells we have not dug; we warm by fires that we have not kindled . . ."

Bishop Simpson continued, "And now, as we contemplate our role and that of Brigham Young University, we should think in terms of replacing some of the sweet water we have taken from the well. We should think in terms of placing new kindling wood in that fireplace from which we have found warmth these many years."

Your education probably seemed very expensive to you. It was. Right now you're probably low on funds. Actually, however, your tuition paid less than one fourth of the cost of your degree. Many friends, alumni and Church members helped you. Later, as you move out into the world and become able to do so, you will have the opportunity of carrying on this tradition of service.

Thus you can help others as they have helped you, a primary goal of your Alumni Association.

SIGNIFICANCE OF ACADEMIC COSTUME

The significance of academic costume is determined especially by the sleeves and hoods. DOCTORS wear the round bell sleeve; the gown is faced down the front and barred on the sleeves with black velvet or color indicating the degree; the doctor's hood is large. The doctor may, if he so chooses, wear the gold tassel on his cap. MASTERS wear the long, closed sleeve, with a slit near the upper part of the arm; the master's hood is of more moderate size. BACHELORS wear the long or pointed sleeve. The color of the tassel indicates whether the degree is in the field of arts (white) or science (golden-yellow).

Hoods are lined with the colors of the institutions granting the degree, or with which the wearer is connected, and are trimmed with velvet of the color distinctive of the degree—for example, humanities and social science, white; philosophy, blue; science, golden-yellow; music, pink; engineering, orange; education, light blue; commerce and accounting, drab.

COLLEGE SONG

All hail the College that we love
At the throne, the throne of wisdom's sway,
O let us lift our songs above
The thronging multitude today.
No pride nor riches here may sue
The head, the heart, the hand united must be true,
Be true to thee our white and blue,
When they join our happy band.

Chorus

Then cheer anew for the BYU.
We've come to work, to live, to do.
We'll raise our standard, bear it through,
Our hearts are true to the BYU.

Please save this program for evening college convocation.

In 1933, while working toward his degree, he was manager for Guild Brothers, Inc., of Cambridge, Massachusetts. His long career with the General Electric Company began in 1935 when he became supervisor of television and radio engineering courses.

Continuing to work full time, he attended Yale University and graduated in 1950 with the Doctor of Philosophy degree in human relations and educational psychology. His education did not end at this point, however; he went on to receive a diploma from the Harvard Graduate School's Advanced Management Program in 1951 and the General Electric Executive Management Program in 1958. Presently he is affiliated with both Yale University and the Massachusetts Institute of Technology as a lecturer.

His leadership participation in business, community, and national organizations mirrors his concern for the betterment of the world about him. Claiming him as chairman are the advisory council for the American Mothers Committee, Inc.; Connecticut State Apprenticeship Council; Connecticut State Manpower Committee; Committee on Employment for the National Association of Manufacturers; Commerce and Industry Council of the National Urban League; and the Executive Committee and Employer Committee of the President's Committee on Employment of the Handicapped. He also serves on the advisory council of the President's Committee on Equal Employment Opportunity. He is affiliated with the Boy Scouts of America, the American Management Association, and the National Alliance of Businessmen.

With all of these civic responsibilities, Dr. Fugal still finds time to devote to church work. A dedicated member of The Church of Jesus Christ of Latter-day Saints, he currently serves as a regional representative of the Twelve. He served as branch president of the New England Mission for thirteen years, as district president for five years, and as counselor to President S. Dilworth Young for five years. He was ordained the first bishop in New England, served as bishop of Bridgeport Ward for five years, and was a stake high council member for four years.

Recognized as one of the nation's top men in industrial personnel research and employee training, he served as corporate manager of Personnel Practices for the General Electric Company for fifteen years, having company-wide responsibility in the personnel practices area. He currently is corporate manager of Equal Opportunity Practices for that company.

Mr. President, for his fine example of leadership ability and contributions to the business world, and in recognition of his lifetime of dedicated civic and Church service, I recommend that G. Roy Fugal be awarded the degree of Doctor of Science, *honoris causa*.

Ben E. Lewis / Doctor of Business

Presented by Robert K. Thomas

Ben E. Lewis, executive vice-president of Brigham Young University, was born in Mesa, Arizona. However, most of his boyhood days were spent in Salt Lake City, Utah.

He obtained a Bachelor of Science degree in 1940 from Brigham Young University, where he served as student body president, and the Master of Science degree in 1942 from Denver University in government management. He joined the Brigham Young University administration in 1952, after leaving Washington, D.C., where he was budget director and supervisor of sales promotion for the Hot Shoppes, Inc., a national restaurant chain.

Mr. Lewis served as vice-president for auxiliary services, later business affairs, for eight years. In that position he was responsible for the various communications, auxiliary, personnel and financial services of the entire university. In his latest appointment as executive vice-president, his responsibilities have expanded into many other administrative areas of the campus and he serves as acting president when the President is away from the campus.

Early in his life he started as a messenger boy in a Salt Lake City bank, later working his way through college as a bookkeeper and teller in the Farmers and Merchants Bank of Provo. He worked as a staff consultant in setting up an accounting system for the State of Illinois, as a price survey analyst for the Bureau of Labor Statistics, and as a budget officer for the National Housing Agency.

Active in civic affairs, Mr. Lewis served for a number of years as a member of the Provo City Planning Commission, and currently serves on the board of directors of the Utah Valley Hospital and several business firms. He is a member of the Provo Kiwanis Club.

Married to the former Barbara Wootton of Heber, Utah, since October 1944, he is the father of five sons and daughters and three foster children.

An active and ardent member of The Church of Jesus Christ of Latter-day Saints, Ben E. Lewis presently serves as president of the Sharon East Stake, Provo, and as a member of the LDS Church Procurement Committee. In addition to these positions, he has served the Church on a mission to the Northern States and has completed two stake missions in Washington, D.C. He was in the bishopric of the Washington Ward, on the Washington Stake High Council, lecturer for several years for the Washington Chapel organ recitals, and on the Sharon and East Sharon Stake high councils. He served as chairman of the fund-raising committee for the new Provo Temple.

Ben E. Lewis has always been interested in youth, particularly in the Boy Scout program. This was acknowledged this spring when he was awarded the Silver Beaver Citation for distinguished Scout work.

Mr. President, for his deep devotion and service to Brigham Young University, the Church, and his community, and in recognition of his outstanding success as a business executive, I recommend that Ben E. Lewis be awarded the degree of Doctor of Business, *honoris causa*.

Roy Herbert Thomson / *Doctor of Humanities*

Presented by Lorin F. Wheelwright

Roy Herbert Thomson was born in Toronto, Ontario, Canada, on June 5, 1894. His father was Scottish; his mother, English.

Lord Thomson's education has been practical. At the age of fourteen, he started earning his living as a clerk. He later enrolled in a Toronto business school and successively became a salesman, farmer, stenographer, and bookkeeper. Saving his money, he invested it in a manufacturing firm that made him its Toronto manager.

His initial venture into newspapers was almost as daring. In payment of a bad debt, he took over the local weekly. In ten years he had a chain of small-city daily-evening newspapers from Vancouver to Quebec and three radio stations as well.

In 1953, at a time when most successful men think of retirement, he entered a period of international expansion, first acquiring Edinburgh's *Scotsman*, then Scottish Television, and then Kemsley Newspapers Limited, the largest press group in Great Britain.

By the end of 1968, The Thomson Organization Limited, as it is now known, owned 180 newspapers in ten different countries, including the world-famous *The Times* and *The Sunday Times*; 164 miscellaneous publications; seven book companies; nineteen printing companies in six countries; three blockmaking companies; ten exhibition companies together with three travel companies; four insurance companies; and ten trucking companies. His television interests embrace sixteen countries; his radio interests, seven countries.

His greatest benefaction is The Thomson Foundation, a charitable trust established to encourage technical and vocational training and to disseminate information in the underdeveloped countries of the world.

In 1916 he married the late Edna Annis Irvine; he has one son and two married daughters.

His interests are diversified. He is a former chancellor of Memorial University, Newfoundland; an honorary colonel of the Toronto Scottish Regiment; a director of the Abitibi Power & Paper Company, Ltd., and of the Bank of Canada; and a former director and present trustee of Reuters. In addition, he is a vice-chairman of the Council of the Commonwealth Press Union, a liveryman of the Worshipful Company of Stationers and Newspaper Makers, and a vice-president of the Periodical Proprietors' Association.

A recipient of numerous honors, he was created a baron in the New Year's Honours List of 1963. He took the title of Lord Thomson of Fleet of Northbridge in the City of Edinburgh on March 10, 1964, and took his seat in the House of Lords on March 18, 1964. He has received honorary degrees from Memorial, New Brunswick, Northern Michigan, and Long Island universities.

Mr. President, for his unprecedented progress in newspaperdom, his personal example of hard work and determination to succeed, and his deep concern for the welfare of his fellowmen, I recommend that Lord Roy Herbert Thomson of Fleet be awarded the degree of Doctor of Humanities, *honoris causa*.

Arthur V. Watkins / Doctor of Laws

Presented by Martin B. Hickman

Arthur V. Watkins, born in Midway, Utah, on December 18, 1886, attended schools in Vernal, Utah, and at age sixteen enrolled at Brigham Young University where he was a member of the first championship basketball team.

He taught school one year and then accepted a call to the Eastern States Mission. After his release he attended Columbia University, from which he graduated in 1912 with a Doctor Juris degree. Married to the former Andrea Rich of Rexburg, Idaho, he is the father of seven children, five of whom are living.

After practicing law in Vernal, he served for several years as assistant county attorney in Salt Lake City. Leaving his practice due to a serious illness, he turned to farming. For several years he managed a six hundred acre ranch west of Lehi and later operated a large farm in Orem.

With improved health, he returned to his profession. In 1928 he was elected judge of the Fourth District Court. The following year he was called as president of the Sharon Stake, a position he held for sixteen years.

As a community leader, he organized the Sharon Community Educational and Recreational Association, better known as SCERA, a program of wholesome recreational activities which has become nationally famous. He established and edited the first newspaper in Orem, now known as the *Orem-Geneva Times*. He also chairmanned a committee of central Utah water users interested in obtaining more water for agricultural and community use. This effort led to the construction of the Provo River Project, which made possible the establishment of the steel industry in Utah County and provided water for the post-war growth of central Utah communities.

Elected to the Senate in 1946, Mr. Watkins successfully sponsored the Weber Basin Project and played a major role in the Colorado River Project. The latter, adopted in 1956, is the largest federal reclamation project ever to be approved. Appropriately, a dam in Willard Bay, of Great Salt Lake, is named after him. Senator Watkins also secured the establishment of the Intermountain Indian School at Brigham City.

In his second term he was appointed chairman of a select committee to hear charges against the late Senator Joseph R. McCarthy. His handling of this difficult judicial proceeding brought nationwide commendation.

During his service in the Senate, he was a member of the Interior, Judiciary, and Joint Economic committees. Repeatedly he defended the Constitution from violations by officials sworn to defend it. His stand, unpopular at the time, now has broad congressional support.

Leaving the Senate in 1958, he served for six years on the U.S. Indian Claims Commission, most of this time as chief commissioner. Since his retirement three years ago, he has authored a book entitled *Enough Rope*, which treats the McCarthy era.

Mr. President, in recognition of his lifetime of public service, I recommend that Arthur V. Watkins—lawyer, judge, editor, distinguished United States Senator, churchman, and statesman—be awarded the degree of Doctor of Laws, *honoris causa*.

In 1959 he was among twelve business and political leaders awarded the title of Honorary American Farmer by the Future Farmers of America. In 1960 he, together with former President Harry S. Truman, received the highest award of the International Order of DeMolay.

For his service to his alma mater since graduation and for his outstanding achievement in the field of business, the University of Kentucky awarded him the Distinguished Service Award in 1963 and the Distinguished Alumni Centennial Award in 1965. At present, he continues his service to that university as a member of the board of directors of the Alumni Association and as chairman of the Development Council.

THE ALUMNI ASSOCIATION

Welcome, Class of 1970. As your student days pass behind you, the Alumni Association hopes to help you keep alive an active interest in the University.

The worldwide BYU Alumni Association is a nonprofit organization with over 100,000 members. Its goal is service—both to you as alumni and to BYU. Unlike many other alumni associations the BYU organization requires no dues for membership. All who have completed a semester or more of full-time study at BYU are automatically members and eligible for the benefits of the association.

The key word of the Alumni Association is SERVICE. First is the service the association can offer you as alumni. Second is the service you can give BYU through the association. (As an interdependent organization, the Alumni Association collects no funds for itself. It operates on a budget from BYU and all alumni gifts go directly to the University to support areas where the need is greatest as determined by the Board of Trustees.)

Let's talk first about how the association can benefit you:

As an official BYU alumnus you will begin receiving the *Alumnus* newspaper. (Please keep us advised of your address changes.)

Class reunions, held every five years, are sponsored and organized by the Alumni Association.

You will receive advance information about ticket sales to BYU-sponsored activities, including Homecoming and athletic events.

A current address and biographical file will be kept for you. It can be used to locate a former classmate or to supply recommendations for such things as job opportunities.

The association still feels that education is the most important part of college. It works with the Division of Continuing Education to help you participate in Home Study courses, Education Week, Travel Study tours, and Special Courses and Conferences on campus or at BYU centers throughout the country.

What are your obligations to the Alumni Association in return? As already indicated there are no dues or assessments. Perhaps it is best summed up by Bishop Robert L. Simpson, member of the Presiding Bishopric of the Church, when in a message to BYU alumni he quoted from a *Deseret News* editorial: "We drink every day from wells we have not dug; we warm by fires that we have not kindled . . ."

Bishop Simpson continued, "And now, as we contemplate our role and that of Brigham Young University, we should think in terms of replacing some of the sweet water we have taken from the well. We should think in terms of placing new kindling wood in that fireplace from which we have found warmth these many years."

Your education probably seemed very expensive to you. It was. Right now you're probably low on funds. Actually, however, your tuition paid less than one fourth of the cost of your degree. Many friends, alumni and Church members helped you. Later, as you move out into the world and become able to do so, you will have the opportunity of carrying on this tradition of service.

Thus you can help others as they have helped you, a primary goal of your Alumni Association.

SIGNIFICANCE OF ACADEMIC COSTUME

The significance of academic costume is determined especially by the sleeves and hoods. DOCTORS wear the round bell sleeve; the gown is faced down the front and barred on the sleeves with black velvet or color indicating the degree; the doctor's hood is large. The doctor may, if he so chooses, wear the gold tassel on his cap. MASTERS wear the long, closed sleeve, with a slit near the upper part of the arm; the master's hood is of more moderate size. BACHELORS wear the long or pointed sleeve. The color of the tassel indicates whether the degree is in the field of arts (white) or science (golden-yellow).

Hoods are lined with the colors of the institutions granting the degree, or with which the wearer is connected, and are trimmed with velvet of the color distinctive of the degree—for example, humanities and social science, white; philosophy, blue; science, golden-yellow; music, pink; engineering, orange; education, light blue; commerce and accounting, drab.

COLLEGE SONG

All hail the College that we love
At the throne, the throne of wisdom's sway,
O let us lift our songs above
The thronging multitude today.
No pride nor riches here may sue
The head, the heart, the hand united must be true,
Be true to thee our white and blue,
When they join our happy band.

Chorus

Then cheer anew for the BYU.
We've come to work, to live, to do.
We'll raise our standard, bear it through,
Our hearts are true to the BYU.

Please save this program for evening college convocation.
